

Professional TV Solutions.

B Series

Connectivity, Content and Control

The Philips B Series Professional TVs support content scheduling and simplified streaming from any external device with built-in Chromecast, HDMI hotplug detection and an integrated TV Tuner. The B Series is Crestron Connected® certified, and compatible with Extron as well as Neets systems for seamless control and reliable corporate integration.

The Philips B Series delivers seamless connectivity with easy content sharing from laptops, desktops, mobiles and corporate servers.

- Integrated TV tuner
- Chromecast built-in for ease
- HDMI hotplug detection
- UHD resolution
- Google Play Store access for apps and media
- Operate, monitor and maintain via CMND & Control
- Install and manage apps remotely with AppControl
- Superb audio quality without external speakers
- Scheduler for content playback
